NEW FEATURE OF PRESBYTERY.

The Members Highly Enjoyed an Entertainment Last Evening.

The Ladies' Aid, and the Annie Patterson societies of Westminster church, entertained the Presbytery in a delightful manner last night at the residence of Dr. and Mrs. Beall, on Asheboro street. This attractive home, aglow with the soft light from numbers of lovely shaded lamps and candles, was made even more beautiful by the tasteful decorations of violets and apple blossoms, which shed their fragrance everywhere. The two large tables in the dining room, where the dainty repast was served, were covered with exquisite pieces of drawn work and rich embroidery, on which rested bowls filled with masses of violets. The evening was enlivened by vocal and instrumental music and recitations. Misses Annie Pugh and Meta Beall rendered most enjoyable piano solos, and Miss McIver charmed all with her sweet voice. Mrs. Sharp, who is well known as an elocutionist of remarkable talent, recited several pieces delightfully. Mr. Wesley White, whose lovely voice is always appreciated, entertained with several songs.

The evening proved one of great enjoyment to all present. The members of the Presbytery expressed themselves as delighted with this new feature of their assembly.

WILLIAM C. WORTH.

He Lived at Spencer and Was a Fine Specimen of Manhood.

To the Editor of the Telegram:

Please allow me to make some corrections in connection with a notice made in your issue of the 16th inst. in regard to the death of William C. Worth. He lived at Spencer and departed this life at his home Sunday the 15th at 12:15. He was never in bad health, in fact he was never sick in his life, except a case of fever three years ago. He was an engineer on the Southern, and 31 years of age. He was as fine a speciman of physical manhood as any one would wish to see. He was taken with la grippe on April 1st, the immediate cause of his death.

Yours respectfully,
J. S. Worth.

GOING TO EXPOSE BUTLER.

Harry Skinner Will Go to Sioux Falls and Unmask Somebody.

Yesterday, in Raleigh Harry Skinner, who has long been at outs with Butler, used these choice phrases:

"I believe Senator Butler is at heart a McKinleyite.

"I am going to Sioux Falls and I am going to support William J. Bryan.

"I am going to ask the Populist National convention to instruct Marion Butler to take down the electoral ticket in this State if he is sincerely in favor of Bryan. In other words I propose to disclose Senator Butler's hand in the Nation as I think I have done in the State. If he is for McKinley the world shall know it and he shall not deal doubly or by indirection any more."

Unsurpassed by Vance.

Chatham Record.

Aycock's speech at the democratic state convention was the greatest speech that we have ever heard at any convention held in this state, and we have attended every convention, with only one exception, that has been held by the democrats of this state since 1865. We have never heard any man surpass it, not even Vance himself, and greater praise than this cannot be given it.

Who Was to Blame?

Norfolk Landmark.

General Warren says that General Thornycroft was to blame for the Spion Kop defeat. General Buller says that General Warren was to blame. General Roberts says that all three of them, Buller, Warren and Thorneycroft, were to blame. It is fortunate that there is nobody in a position to throw the blame on Roberts. There are a good many laymen who have a lurking idea that the Boers are to blame.

Short on Silver.

Charlotte Observer.

The Iowa populist convention, in session Tuesday, did not say a word, in its platform or otherwise, about the free coinage of silver. The subject was not mentioned in the platform of the North Carolina populists adopted Wednesday, and a returning delegate reports that 16 to 1 was not heard during the session of the convention.

Democratic conventions everywhere are re-affirming the Chicago platform but plowing shallow on free silver; and yet it was for this that the country was set by the ears four and two years ago, and men were seized by the slack of the breeches and nape of the neck and thrown summarily out of the synagogue.

GRAND JURY INDICTS TAYLOR

FOUND A BILL BY A VOTE OF TEN TO TWO.

The Jury Room Presented a Stormy Scene and There Was Almost a Personal Encounter.

By Wire to the Telegram.

Louisville, April 20—Information has been received here that Governor Taylor has been indicted as an accessory before the fact of the murder of Goebel. The indictment was found by the Franklin county grand jury after a stormy scene which came near resulting in a personal difficulty between Robert Sutter, the democratic foreman of the jury, and W. B. George, one of the two republican members. The vote of the grand jury was ten to two for indictment, a strict party vote. After the grand jury handed in the indictments they were ordered to retire. Judge Cantrell then handed the clerk the indictments of Golden and Davis, but the indictment of Taylor was not given out.

ROBERTS HAS STARTED.

His Long Expected March May Have Begun—The Censor on Top.

By Wire to the Telegram.

London, April 20—It is believed that Roberts has begun his long expected march to Pretoria. His troops are fighting the Boers north of Karee siding, fifteen miles north of Bloemfontein. The British infantry hold a strong position on the river intrenched near the dam. They are strongly supported by artillery. Scouts report that the Boers south of Bloemfontein are retreating.

CENSOR ON TOP.

Capetown, April 20.—The censor has notified correspondents that nothing will be allowed to go through. This is taken to mean that Roberts' advance has begun and nothing will be heard from it till Roberts sees fit to allow news to come through.

Handed a Package of $10,000 Out to His Confederates.

By Wire to the Telegram.

Toronto, April 20—George M. Wilson, the paying teller of the Merchants' Bank had reported to the manager that a package of ten thousand dollars had been stolen from his compartment. Detectives inspected Wilson's books and found them two thousand short. Then he confessed that he had systematically stolen since November, but declined to tell what became of the ten thousand package, which it is believed he handed to a confederate.

In the Telegram of the 17th the following item appeared:

Mr. R. M. Phillips,
City Editor Telegram,
Greensboro, N. C.

Dear Sir:—I have just been informed by one of your readers in this town that in your issue of the Telegram on April 17th you state that the agent and operator at Franklinville, N. C went out on a strike but went back to work in an hour.

I wish to say that you were misinformed. I have never made a strike and am still doing my duty the best I know how. It was another man on our line that went out one hour, and not me. I will thank you to correct this statement in the next issue of the Telegram.

Yours truly,

GRAND JURY AT WORK.

It is Reported That Governor Taylor Has Been Indicted.

Frankfort, April 19—Indictments were returned by the grand jury to-day against John W. Davis and Green Golden as accessories to the murder of Governor Goebel. Green Golden is a cousin of Wharton Golden, who turned State's evidence. Davis was a policeman on the capitol square and tried to escape from Frankfort with Caleb Powers. The case against W. Hazleshipp, who was accused of complicity in the Goebel shooting, was dismissed. It is persistently reported here tonight that Governor Taylor has been indited by the grand jury, and that the indictment was returned today along with those against Captain Davis and Green Golden, but that this indictment will not be given out until Governor Taylor returns from Washington.

Judge Cantrill has fixed April 30th for the arraignment of Harlan Whittaker and "Tallow Dick" Combs, indicted as principals in the Goebel assassination, and Secretary of State Caleb Powers and Captain Davis, indicted as accessories. The attorneys in the case will ask for bail and file petitions and affidavits asking for a change of venue. The date for the arraignment of the others has not been fixed.

Populists Ask Democratic Nominees For Division of Time.

Raleigh Post.

Yesterday there was a conference of Senator Butler and the Populist nominees at which it was decided to write the Democratic chairman a letter asking a division of time between the Populist and Democratic candidates for Senator and state officers.

R. B. Davis was requested to act as secretary to the state committee until such time as it regularly elects one.

The selection of a permanent place for headquarters was left to Auditor H. W. Ayer. It was decided to open headquarters at once.

Representative Kitchin has presented to the house a petition from the meeting of the North Carolina Yearly Meeting of Friends, favoring the enactment of a clause in the Hawaiian constitution forbidding the sale, or manufacture of intoxicating liquors and a prohibition of the gambling and the opium trade. The bill has been referred to the committee on territories.

A letter to The Raleigh Post says that Robt. L. Lydle, of Haywood county, was murdered by Cherokee Indians near the Indian training school in Cherokee county, Thursday night of last week. Two Indian bucks and a squaw have been arrested and put in jail. Lydle is believed to have been murdered while asleep and the object is thought to have been robbery.

The registration showed only 7,000 negroes entitled to vote in the Louisiana State election Monday and 117,000 whites. The registration in the last election was 250,000, about equally divided between whites and blacks. The difference is due to the suffrage qualifications imposed by the new constitutional provision.

R. F. BEASLEY, - - - EDITOR

FRIDAY, APRIL 20 1900.

DUTY OF WHITE REPUBLICANS.

We are in receipt of a copy of a small weekly paper published at Raleigh called the State Journal. The editor, J. M. Allen, says in his salutatory address that he is a Republican, and as a Western Republican went to Raleigh in 1897 to accept a position under a fusion administration. Since then, he says, he has had an opportunity to observe and study eastern conditions and has become convinced that something is radically wrong in that section, and while the amendment will not cure all the ills, it will go far towards it, and he is, therefore, compelled to support the measure. His reason from a partisan standpoint for supporting the amendment, is thus set forth:

When asked why we support the Amendment, we answer freely and proudly, because it will disfranchise the ignorant negro voters, and thereby create intelligent white Republican voters.

There is a wide spread belief that the last part of this proposition would be the effect if the amendment were adopted, however, that is for the future. That is really a small matter. The paper also gives this statement, which is all important:

As a life-long Republican, we take this course, believing it to be for the best interest of the white people of North Carolina and at the same time will elevate and improve the negro race. We take this position as a Republican who has always supported the republican ticket and expects to continue to do so, and believe it the duty of every true republican in the state to do the same. We want to see conditions such that men can meet each other on the stump as gentlemen and discuss principles and the great economical, educational and other interests of the state. This can never be done east of Charlotte until the black cloud of the east is removed.

There is not a whit of difference in this position and the one taken by the Democratic candidates, and it is to be hoped that the "State Journal" may influence many white Republicans to see as it does.

So General Longstreet will likely get a pension on the score of his service in the Mexican war. The reason of this is no doubt that he is a good Republican. Is it supposable that the party in power would have been ready to pass over his Confederate record had he been a Democrat since the war?

The most remarkable inconsistency in North Carolina politics is furnished by the Populist pretending to be for Bryan and yet placing in the field an electoral ticket against the Bryan ticket already out. There is only one explanation consistent with honesty, and that is that the Populists are afraid that Bryan may not be the Democratic nominee, and they want a ticket in the field to meet such an emergency—Raleigh Times.

That explanation may be consistent with honesty, but not consistent with sense.

With unusual unanimity the papers are speaking highly of the speech of Mr. Aycock before the convention, and of his speeches made since. The rule is that political speeches are not worth the good atmosphere consumed in their production, and a departure from this rule is refreshing. We do not attempt to conceal the pleasure and admiration we feel at the stand the candidate for governor has taken and so eloquently maintains. He is leading in this campaign and we are gratified that the sturdy newspapers of the State, the watchmen and guardians, are quick to see this fact and uphold his hands.

The Butler scheme in putting out an independent ticket for state offices to doubt is thoroughly in accord with a prearranged plan between the two North Carolina senators. That there is to be some kind of cooperation between the two parties is of course certain, the prevailing opinion now being that the two parties will each put up its ticket as the most effective way of fighting the amendment. The beauty of it all is that Butler's crowd has dwindled into utter insignificance in North Carolina, and it really matters little what he and they do.

There seems to be a disposition among the papers of the State to talk about what the newspaper men got or didn't get at the late Democratic convention. We make bold to say that they got all they deserved. We mean by this that they deserve nothing out of politics until they assert themselves in politics. As long as we North Carolina editors continue to throw up our hands at every intimation of a hold up from the politicians, and as long as we are ready to shout for them on the slightest provocation, and make honorables out of noodles, or swallow with a gulp anything they care to say or do, so long will they continue to sit complacently in their saddles upon our backs and ride into the emoluments of "something just as good." If we don't like their treatment, we have the power to make them better it, and if we don't care to do that, then it is not worth while to be talking about how they treat us.

We have so far failed to note any better definition of the position of the white people in regard to the negro and his vote than was given by Ben Lacy here Tuesday night. That genial statesman put it in this way: "There is no harm in a boy and we all like him. There is no harm in a pistol alone. But when you put these two things together, there is danger to the bystanders. So it is with the negro. There is no harm in him alone, and nobody is afraid of him. Neither is there any harm in a ballot alone. But when you put a negro and a vote together there is danger to the public. So we must keep them separated."

WORTHY SON OF HIS FATHER

J. BRYAN GRIMES, CANDIDATE FOR SECRETARY OF STATE.

He Has Been Engaged in Farming Since His School Days--Ability of a High Order.

Raleigh News and Observer.

J. Bryan Grimes was born at Grimesland, the old homestead, in Pitt county, about eight miles from Wilmington, N. C, on the third day of June, 1868, and in the same house in which his father was born. He is the third son of the late Major General Bryan Grimes and Charlotte Emily Grimes. His father after going through a hundred or more battles, was assassinated on Saturday evening, August 14th, 1880, about sunset, at Bear Creek, on the public highway by a concealed assassin, in about two miles of his home, while returning from Washington, N. C. His mother is the daughter of the late Hon. John H. Bryan, a distinguished member of the Raleigh bar. Mrs. Grimes, together with her surviving children, excepting her daughter, the wife of Captain Alfred Williams, of Raleigh, is now living at the old homestead, Grimesland.

His father's record as a Confederate soldier is too well known throughout North Carolina to have need of a single word to be added here. The last incident of his home life, occurring just as he was leaving his home for the last time on earth, and not probably generally known, may be related here, as it shows the true man, and will touch softly the heart of every living confederate soldier. Just as he was driving from his home he learned that the widow of a confederate soldier near his home was sick and needed assistance. He directed that a basket of provisions be sent her, and told the bearer to go from the sick woman's home to a neighboring doctor and request him at once to attend her at his expense. That was the last order he ever gave on the plantation. That night, though so full of life and hope in the morning he was brought home a corpse and laid at the feet of his saddened and sorrow-stricken family.

J. Bryan Grimes, the recently nominated candidate for secretary of state, to use a commonplace phrase is "a chip of the old block"—a worthy son of a noble sire. Though a boy of but twelve years of age at his father's death, the scene and surroundings of that sad, eventful evening made a deep impression upon him, and will never be effaced from his memory.

He was sent to Trinity school at Chocowinity, Beaufort county, and to the Raleigh Academy, at that time under the management of that scholarly gentleman, Mr. S. C. Ryan, of Raleigh. He was quick to learn, and was an apt and good scholar—and at all times a respectful and obedient pupil. He entered Chapel Hill but only remained there about two years taking a high stand for character, decorum and gentlemanly bearing, as well as a high grade of scholarship.

Before reaching manhood he entered upon the work and duties of the farm, and from that time to the present has devoted himself entirely and assiduously to the purposes and calling of agriculture. He is an active, hard-working farmer, just in all his dealings, faithful to all obligations, strictly honest, strictly truthful—and he enjoys the confidence, the respect and obedience of all those whom he employs.

When the tobacco farmers last August determined to effect an organization to fight the tobacco trust, which was systematically robbing them, they selected Mr. Grimes as the president of their organization. They made no mistake in the selection of their leader for Mr. Grimes has shown wisdom, discretion and judgment of a high order.

Quay to be Seated Tuesday.

Washington Special, 17th, to Philadelphia Record.

The correspondent of the New York World telegraphs as follows. On Tuesday next M. S. Quay, who has been in Washington most of the time since congress met, with Governor Stone's credentials as senator from Pennsylvania, will be seated. The seat he occupied for 12 years has been held open for him.

The anti-Quay senators privately admit defeat. Senator Chandler says the Pennsylvanian will have a "good clear majority." Senator Wolcott says six majority; Penrose says five and Stewart says five.

RHEUMATISM—CATARRAH—DISEASES CURED BY B. B. B.

It is the deep-seated, obstinate cases of catarrh and rheumatism that B. B. B. (Botanic Blood Balm) cures. It matters not what other treatments, doctors, sprays, liniments, medicated air, blood purifiers, have failed to do, B. B. B. always promptly reaches the real cause and roots out and drives from the bones, joints, mucuous membrane, and entire system the specific poison in the blood that causes rheumatism and catarrh. B. B. B. is the only remedy strong enough to do this and cure and so there can never be a return to the symptoms. Don't give up hope, but try B. B. B. (Botanic Blood Balm) or 3 Ba.

For sale by druggists and Howard Gardner, in Greensboro, at $1 per large bottle, or 6 large bottles (full treatment) $5. To prove our faith in B. B. B. we will send a trial bottle free to sufferers, so they may test the remedy at our expense. Address Blood Balm Co., Atlanta, Ga.

Blood Troubles:

Cancer, Scrofula, Old Sores, Rheumatism, Contagious Blood Poison, Chronic Ulcers.

As the blood contains all the elements necessary to sustain life, it is important that it be kept free of all impurities, or it becomes a source of disease, poisoning instead of nourishing the body, and loss of health is sure to follow. Some poisons enter the blood from without, through the skin by absorption, or inoculation; others from within, as when waste products accumulate in the system and ferment, allowing disease germs to develop and be taken into the circulation. While all blood troubles have one common origin, each has some peculiarity to distinguish it from the other. Contagious Blood Poison, Scrofula, Cancer, Rheumatism, Eczema and other blood diseases can be distinguished by a certain sore, ulcer, eruption or inflammation appearing on the skin. Every blood disease shows sooner or later on the outside and on the weakest part of the body, or where it finds the least resistance. Many mistake the sore or outward sign for the real disease, and attempt a cure by the use of salves, liniments and other external applications. Valuable time is lost and no permanent benefit derived from such treatment.

BLOOD TROUBLES REQUIRE BLOOD REMEDIES; the poison must be completely and permanently eradicated—the blood reinforced, purified and cleansed, or the disease goes deeper and saps the very life. Mercury, potash and arsenic, the treatment usually prescribed in this class of diseases, are violent poisons, even when taken in small doses—never cure, but do much harm by adding another poison to the already overburdened, diseased blood.

SSS

S. S. S., Nature's own remedy, made of roots and herbs, attacks the disease in the blood, antidotes and forces out all impurities, makes weak, thin blood rich, strong and healthy, and at the same time builds up the general health. S. S. S. is the only purely vegetable blood purifier known, and the only one that can reach deep-seated blood troubles. A record of 50 years of successful cures proves it to be a reliable, unfailing specific for all blood and skin troubles.

Free Medical Treatment.—Our Medical Department is in charge of skilled physicians, who have made blood and skin diseases a life study, so if you have Contagious Blood Poison, Cancer, Scrofula, Rheumatism, Eczema, an Old Sore or Ulcer, or any similar blood trouble, write them fully for advice about your case. All correspondence is conducted in strictest confidence. We make no charge for this service. Book on blood and skin diseases free. **SWIFT SPECIFIC CO., Atlanta, Ga.**

SUIT FOR $349,000.

The McDonald Company Makes a Big Claim Against the Seaboard.

Petersburg, Va., April 19—A suit was brought in this city today by the Jas. P. McDonald Company against the Seaboard and Roanoke Railroad Company, of Virginia, and the Raleigh & Gaston, of North Carolina, for $349,000, which the McDonald Company claims to be due for work done and machinery purchased in the construction of the line between Richmond and Ridgeway, N. C., and a supply lien has also been filed against the Richmond, Petersburg & Carolina Railroad for the same amount.

Referring to this suit President Williams says the company is ready to pay every just debt.

A New Portrait of Christ.

A Frenchman named Boyer d'Agen, who is the author of a work on Lourdes, discovered a curious bronze medal among a number of old coins for sale in a curiosity shop at Rome. He bought it for 10 centimes because he thought he discovered on it Hebrew characters dating back to the primitive times of the Christian era. On close examination it has been declared that it bears the effigy of Jesus.

The portrait is a profile, with the head slightly inclined forward. The forehead is high, the nose rather long, slightly pointed at the tip, the mustaches are slightly marked, and the beard is pointed. As for the hair, it is long and curly. The physiognomy, taken as a whole, cannot be called regular, but it is extremely fascinating.

On returning to Paris with his purchase M. Boyer d'Agen showed the medal to numerous numismatists, who pronounced it to be at least of the greatest antiquity, though, of course, it would have been too much to expect they should guarantee its authenticity. The Hebrew inscription it bears on the reverse translated into English is: "The Messiah, the King, will come in peace. He is the light of men, incarnate and living."

Replicas of this medal in bronze and silver are being struck.—Paris Letter in London Standard.

Romps With the Tots.

The other day, it is related, a well known literary man went up to the nursery of a friend's children in Brighton. The sound of his step on the stairs was hailed with a shriek of delight, and the children tumbled over each other in their eagerness to meet him. Then they stopped short in dismay.

"What's the matter?" he asked.

"We fought it was Mr. Kipling," said the youngest, with tears in her voice.

It appeared that Mr. Kipling was in the habit of telling them stories, and they couldn't appreciate any one else's visits. Mr. Kipling is very sympathetic with childhood and is often to be found romping with his own children.—London Letter.

Baldness Can be Cured

just so long as there is a particle of vitality left in the hair roots. The fact that the head is smooth and shining is no positive proof that the roots beneath are dead.

Deep down beneath the skin, hair roots may yet exist, filled with latent vitality, and all that is required to develop them into a beautiful head of hair is the faithful application of the proper agents.

Seven Sutherland Sisters' preparations furnish the easiest, surest and quickest way to ascertain if there is or is not latent life beneath a head bare of hair. Why not try them?

White Delivery Wagons have been a distinguishing mark of the Greensboro Steam Laundry for a number of years. Our customers have learned to "look out for the white wagons."

Competitors have seen fit to imitate our wagons, therefore we deem it wise to make a change.

In the mean time would respectfully request our friends and patrons to BEWARE of the white laundry wagons and see to it that the right driver gets the bundle. A very pretty custom obtains among certain classes by which the newly married pair starts a savings bank for the child yet to be. Every day a penny or a dime, as the case may be, is dropped into the bank to swell the fund, and this practice is kept up until the child is old enough to save for itself.

The parents have the right theory but how rarely they carry it to its broadest application. Every mother is perforce laying up for her child what money cannot influence—happiness or misery. The nervous mother will have a nervous child. The irritable and fearful mother cannot have a happy and cheerful child. In mind and body the child will reflect the mother's condition.

The best preparation for motherhood is made by the use of Dr. Pierce's Favorite Prescription. Its perfect control over the sensitive feminine organism gives it a natural influence over the mind. It banishes anxiety and fear. It does away with the misery of morning sickness. It gives vitality and elasticity to the organs peculiarly feminine, and makes the trial of motherhood easy and brief. It makes healthy mothers, capable of nursing and nourishing the babes they bring into the world. "Favorite Prescription" contains no alcohol, whisky or other intoxicant. Accept no substitute.

Mrs. Axel Kjer, of Gordonville, Cape Girardeau Co., Mo., writes: "When I look at my little boy I feel it my duty to write to you. Perhaps some one will see my testimony and be led to use your 'Favorite Prescription' and be blessed in the same way. This is my fifth child and the only one who came to maturity; the others having died from lack of nourishment—as the doctor said. I was not sickly in any way and this time I just thought I would try your Prescription. I took nine bottles and to my surprise it carried me through, and gave us as fine a little boy as ever was. Weighed ten and one-half pounds. He is now five months old, has never been sick a day, and is so strong that everybody who sees him wonders at him. He is so playful and holds himself up so well. I would like to see this in print for so many have asked me 'Do you think these are the testimonials of the people, or has Dr. Pierce just made them up and printed them?'"

TO TAKE UP PORTORICO MONEY

American Money Will be Substituted Requiring $3,000,000 to do the Job.

The Treasury Department has completed the arrangements for the retirement of Porto Rican money and the substitution of American currency. James A. Sample, chief of the issue division of Treasurer Roberts' office and W. P. Watson of New York, an expert accountant, have been selected to go to Porto Rico to make the exchange.

It is estimated that there are 10,000,000 pieces of silver and other metallic currency on the island now in circulation. These pieces are worth 5,000,000 pesos. Congress has decided that the exchange shall be made on the basis of 60 cents for the peso. About $3,000,000 of American money will therefore be required to take up all the minor money in Porto Rico. The money will be taken to Porto Rico and the Porto Rican money will be brought back here as it is taken up and recoined

ROBBED THE GRAVE.

A startling incident, of which Mr. John Oliver, of Philadeldhia, was the subject, is narrated by him as follows; "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides; no appetite—gradually growing weaker day by day. Three physicians had given me up. Fortunately, a friend advised trying Electric Bitters; and to my great joy and surprise, the first bottle made a decided improvement. I continued their use for three weeks and am now a well man. I know they saved my life, and robbed the grave of another victim." No one should fail to try them. Only 50 cents per bottle at C. E. Holton's drug store.

It is said that Comptroller Coler, of New York, will soon become editor of a periodical advocating municipal ownership.

A LIFE AND DEATH FIGHT

Mr. W. A. Hines, of Manchester, Iowa, writing of his almost miraculous escape from death says: "Exposure after measles induced serious lung trouble, which ended in consumption. I had frequent hemorrhages and coughed night and day. All my doctors said I must soon die. Then I began to use Dr. King's New Discovery for Consumption, which completely cured me. I would not be without it even it cost $5 a bottle. Hundreds have used it on my recommendation and all say it never fails to cure throat, chest and lung troubles." Regular size 50 cents and $1.00. Trial bottles free at C. E. Holton's drug store.

Alfred E. Morrison, who killed his wife at White Plains, N. Y, thinking she was a burglar, was yesterday acquitted.

MILLIONS GIVEN AWAY.

It is certainly gratifying to the public to know of one concern in the land who are not afraid to be generous to the needy and suffering. The proprietors of Dr. King's New Discovery for consumption, coughs and colds, have given away over ten million trial bottles of this great medicine, and have the satisfaction of knowing it has absolutely cured thousands of hopeless cases. Asthma, Bronchitis, Hoarseness and all diseases of the throat, chest and lungs are surely cured by it. Call on C. E. Holton, druggist, and get a trial bottle free, Regular size 50 and $1. Every bottle guaranteed or price refunded.

The Illinois supreme court decides that the law prohibiting the use of the American flag for advertising purposes is unconstitutional.

DOES IT PAY TO BUY CHEAP?

A cheap remedy for coughs and colds is all right, but you want something that will relieve and cure the more severe and dangerous results of throat and lung troubles. What shall you do? Go to a warmer and more regular climate? Yes, if possible; if not possible for you, then in either case take the only remedy that has been introduced in all civilized countries with success in severe throat and lung troubles, "Boschee's German Syrup." It not only heals and stimulates the tissues to destroy the germ disease, but allays inflammation, causes easy expectoration, gives a good night's rest, and cures the patient. Try one bottle. Recommended many years by all druggists in the world. For sale by Grissom & Fordham.

THE FLOODS IN MISSISSIPPI.

Three or Four Days Before Certain Railroads Can Resume Business.

Meridian, Miss., April 19—It will be three and possibly four days before the Northeastern, the Alabama Great Southern, the Southern and the Alabama & Vicksburg railroads and the Mobile & Ohio can resume business through this section. The washouts were more disastrous than the officials anticipated. A million dollars, it is believed, will not cover the damages to these railroads from floods and suspension of business. A gentleman reached this city today from a water-bound Mobile & Ohio passenger train at Quitman, having ridden through the country. He reports the passengers faring well, through the hospitality of the Quitman citizens and the efforts of the road. The train has been at a standstill, surrounded by water three days and three nights. A heavy rain is falling tonight.

REWARD NOT WANTED.

A $5,000 Offer by a Great Newspaper Can Find no Taker.

Danville Bee

All last summer the evangelic l brethren who came here to lift the morals of the town to an altitude a few feet above the low level of the Slough of Despond, dwelt long and laboriously upon the fact that the devil was at large, and they laid great stress upon the fact—so much so that nervous people were frightened and the pious felt the second time to make sure of themselves.

As became a great newspaper, The Bee recklessly offered a reward of five thousand dollars for the capture of the devil dead or alive. This offer was copied into the Richmond papers and the press of North Carolina helped circulate the glad tidings, but no arrests followed and his Santanic Majesty was allowed to continue to run at large.

And here last night, at the Academy of Music, the aforesaid Imp of Darkness stalked boldly up on the stage, while Faust was being butchered to slow music, and not a policeman in Danville showed his star or billy. The devil was a disappointment to many who saw him walk the boards. Since the nail trust was formed the devil appears in public without a spiked tail, and when Goethe wrote of him he was a much more winsome fellow.

REMARKABLE CURE OF RHEUMATISM.

Kenna, Jackson Co., W. Va.

About three years ago my wife had an attack of rheumatism which confined her to her bed for over a month and rendered her unable to walk a step without assistance, her limbs being swollen double their normal size. Mr. S. Maddox insisted on my using Chamberlain's Pain Balm. I purchased a fifty-cent bottle and used it according to the directions and the next morning she walked to breakfast without assistance in any manner, and she has not had a single attack since.—A. B. Parsons. For sale by C. E. Holton, druggist.

A NIGHT OF TERROR.

"Awful anxiety was felt for the widow of the brave General Burnham, of Machias, Me., when the doctors said she could not live till morning" writes Mrs. S. H. Lincoln, who attended her that fearful night. "All thought she must soon die from Pneumonia, but she begged for Dr. King's New Discovery, saying it had more than once saved her life, and had cured her of consumption. After three small doses she slept easily all night, and its further use completely cured her." This marvelous medicine is guaranteed to cure all throat, chest and lung diseases. Only 50c and $1.00. Trial bottles free at C. E. Holton's drug store.

THE BEST IN THE WORLD.

We believe that Chamberlains's Cough Remedy is the best in the world. A few weeks ago we suffered with a severe cold and a troublesome cough, and having read their advertisements in our own own and other papers we purchased a bottle to see how it would affect us. Such persons make a point of telling of it whenever an opportunity offers, hoping that it may be the means of saving other lives. For sale by C. E. Holton, druggist.

Telegrams were received at the War Department yesterday announcing the arrival of the animal transport Lennox, at Manila, and the animal transport Port Stephens, at Hilo. The Lennox carried 475 horses and mules and lost only one of the number on the voyage. The problem of transporting animals over so long a stretch of water has been a serious one, but the government has been highly successful in solving it.

The Republican convention of Alamance in session yesterday, split and will send two delegations to the National convention. There was a row and one man was shot by the Sergeant-at-arms.

The House yesterday spent practically the entire day debating a proposition in the naval bill, designed to turn over to the navy the survey and chartering of the waters of Cuba, Porto Rico and the Philippines. Mr. Cannon succeeding in passing an amendment leaving the work in the hands of the coast and geodetic survey.

FOR THE BABIES.

There is no better medicine for the babies than Chamberlain's Cough Remedy. Its pleasant taste and prompt and effectual cures make it a favorite with mothers and small children. It quickly cures their coughs and colds, preventing pneumonia or other serious consequences. It also cures croup and has been used in tens of thousands of cases without a single failure so far as we have been able to learn. It not only cures croup, but when given as soon as the croupy cough appears, will prevent the attack. In cases of whooping cough it liquefies the tough mucous, making it easier to expectorate, and lessens the severity and frequency of the paroxysms of coughing, thus depriving that disease of all dangerous consequences. PREVENTED A TRAGEDY.

Timely information given Mrs. George Long, of New Straitsville, O., prevented a dreadful tragedy and saved two lives. A frightful cough had kept her awake every night. She tried many remedies and doctors but steadily grew worse until urged to try Dr. King's New Discovery. One bottle cured her, and she writes this marvelous medicine also cured Mr. Long of a severe attack of pneumonia. Such cures are positive proof of the matchless merit of this grand remedy for curing all throat, chest and lung troubles. Only 50c and $1.00. Every bottle guaranteed. Trial bottles free at C. E. Holton's drug store.

HIS LIFE WAS SAVED.

Mr. J. E. Lilly, a prominent citizen of Hannibal, Mo., lately had a wonderful deliverance from death. In telling of it he says: "I was taken with typhoid fever that ran into pneumonia. My lungs became hardened. I was so weak I couldn't even sit up in bed. Nothing helped me. I expected to soon die of consumption, when I heard of Dr. King's New Discovery. One bottle gave great relief. I continued to use it and now am well and strong. I can't say too much in its praise." This marvellous medicine is the surest and quickest cure in the world for all throat and lung trouble. Regular sizes 50 cents and $1.00. Trial bottles free at C. E. Holton's drug store; every bottle guaranteed.

QUESTIONS ANSWERED.S

Yes, August Flower still has the largest sale of any medicine in the civilized world. Your mothers and grandmothers never thought of using anything else for indigestion or biliousness. Doctors were scarce, and they seldom heard of appendicitis, nervous prostration or heart failure, etc. They used August Flower to clean out the system and stop fermentation of undigested food, regulate the action of the liver, stimulate the nervous and organic action of the system, and that is all they took when feeling dull and bad with headaches and othaches. You only need a few doses of Green's August Flower, in liquid form, to make you satisfied there is nothing serious the matter with you. For sale by Grissom & Fordham.

"No family can afford to be without One Minute Cough Cure. It will stop a cough and cure a cold quicker than any other medicine," writes C. W. Williams, Sterling Run, Pa. It cures croup, bronchitis and all throat and lung troubles and prevents consumption. Pleasant and harmless. Howard Gardner.

W. W. Mayhew, Merton, Wis., says, "I consider One Minute Cough Cure a most wonderful medicine, quick and safe." It is the only harmless remedy that gives immediate results. It cures coughs, colds, croup, bronchitis, grippe, whooping cough, pneumonia and all throat and lung diseases. It's early use prevents consumption. Children always like it and mothers endorse it. SEVEN RUNNING SORES CURED

—BY—

Johnston's Sarsaparilla

QUART BOTTLES.

THE GREAT SPRING MEDICINE.

JOHNSTON'S SARSAPARILLA as a Blood Food and Nerve Energizer, is the greatest SPRING MEDICINE ever discovered. It comes as a rich blessing from heaven to the "worn out," the run down, the overworked and debilitated. That "tired feeling," those "sinking spells," the languor and despondency which arise from badly nourished nerves, from thin, vitiated blood and an underfed body, vanish as if by a magic spell. The weariness, lassitude and nervous prostration which accompany the spring time and the heat of summer, are conquered and banished at once. For every form of neurasthenia, and all ailments of the brain and nerve, Insomnia, hysteria and nervousness generally, it is almost a specific. It furnishes the very elements to rebuild worn-out nerve tissues. It feeds brain, nerve centers and nerves, calming and equalizing their action; it makes rich, red, honest blood. Newness of life, new hope, new strength follow its faithful use. It makes the weak strong, and the old young again.

It was the antiquated (but now happily exploded) method in the good old times, to treat Salt Rheum, Scrofula, Cancer and other troublesome disorders arising from BLOOD TAINT with powerful alteratives, such as mercury, arsenic and other mineral agents. It was expected by this treatment that the poison could be killed while the blood was left to course through its channels holding in its circulation the specific germs of the disease. But in this way, every part of the body became more or less diseased. Nothing can be more terrible than a horribly destructive blood taint. It not only attacks virulently the different structures of the body, but many times the bones are honey-combed and destroyed. It often seeks out the nerves and spinal cord, and again it will bring decay and death to some vital organ, as the kidneys, liver or stomach. There is only one scientific method for the cure of blood taint. That is, PURIFICATION! Every particle of the blood must be removed through the excretory channels, the lungs, kidneys, bowels, liver and skin. "First pure, then peaceable." The great restorative, reconstructive and vitalizer of the blood, JOHNSTON'S SARSAPARILLA, not only radically and exhaustively removes the taint, but also removes all mercury, calomel and other minerals, and fills the veins and arteries with the ruby, glowing current of vitality. "The blood is the life." Good health means pure blood. The old and reliable remedy, JOHNSTON'S SARSAPARILLA, is universally regarded as the greatest Blood Purifier ever discovered. This fact is now established beyond question or cavil.

WINE OF CARDUI

A LITTLE DOES MUCH.

BOONE, IOWA, Dec. 14.

No tongue can tell what I have endured in the past ten years with my monthly sickness. While suffering untold agony, a friend called and recommended Wine of Cardui. I sent for a bottle, and Oh! what relief. After the first dose I began to feel better and have had no pain since.

MRS. GRACE LAMPHERE.

McELREE'S Wine of Cardui

Wine of Cardui not only cures but it acts AT ONCE. Here is a case of ten years' standing, and yet one single dose made the sufferer feel better, and stopped the pain. The Wine goes straight to the seat of the trouble. It acts directly upon the menstrual and genital organs. Its action is not violent, and it does not force a result. It simply gives Nature that little assistance that the sufferer's system lacks. A single disorder in the feminine organs spreads many disorders all over the body, and when the Wine cures the source, all the other ills vanish as a matter of course. A woman can be her own physician and cure herself at home. Local examinations are largely things of the past—the obnoxious custom is no longer necessary. Wine of Cardui is the only perfectly safe and sure vegetable Wine made to-day for the cure of "female troubles".

A Citizens' Ticket.

It is rumored on the streets that, in the coming municipal election, a citizens' ticket may be put up in opposition to the regular Democratic nominees. For the past few years citizens' tickets have amounted to but little in Greensboro's municipal politics.

Deep River Raging.

News comes today that the railroad bridge of the Durham & Charlotte, near Glendon, was washed away last evening and that the county road bridge at Gulf was broken in the middle and was expected to go every moment. We hope the reports are exaggerated, but experience has proven that it is a hard matter to make a bridge stick on Deep river. The old stream is on a tear and she is "sump'n serious" when she gets that way.

Won't Be So Long.

Senator Butler came in yesterday evening from Raleigh and left at 11:45 for Washington, He was registered at the McAdoo and the name below his was Zebulon B Vance (Capt. Vance in charge of the recruiting station.) A Telegram reporter noticed quite a crowd assembled around the register in the hotel office. They had discovered the two distinguished names together and were objecting to Marion Butler's being on top.

The Daughter's Elect Officers.

The Guilford Chapter of the Daughters' of the Confederacy held an interesting meeting yesterday in the Merchants and Manufacturers' club. About forty men were present.

The annual election of officers took place with the following result: President, Mrs. Dalton; First Vice-President, Mrs. Broadnax; Second Vice-President, Mrs. Dr. Hall; Recording Secretary, Miss Pleasant; Corresponding Secretary, Mrs. Allen; Treasurer, Mrs. G. W. Whitsett.

Heavy Tobacco Break.

The damp weather of the past two or three days has caused a good tobacco season, and as a result there was a big lot of the weed on the Greensboro market for sale today. The warehouses were full and sales continued until past noon. Prices were generally good, ranging in price as high as $40 per hundred pounds. There was stiff bidding among the leaf dealers. The tobacco on sale came principally from Guilford, Rockingham and Alamance counties.

Tobacconists say that if the present season is protracted the bulk of the crop remaining in the hands of the growers will be sold within the next two or three weeks.

A DISTURBER WARNED.

And Immediately Skips the Town in a Hurry.

A colored man, claiming to be a Baptist preacher, and calling imself Matthews, has been spending some time in Greensboro, exhorting and working around among the negroes. It is understood that he is one of the disturbers who were run out of Wilmington in 1898. It leaked out here that he was attempting to organize the negroes for a stand against the white people in the coming election. His efforts were becoming manifest and he became so bold that he referred to his schemes in a prayermeeting service Wednesday night.

As a result and in pursuance of the above the said negro disturber, named Matthews, and claiming to be a preacher, did, on yesterday, receive a letter, warning him of the danger and peril to which he was exposing himself in attempting to array the blacks to deeds of violence, and advised him that it would perhaps be more healthy for him to leave, get up and dust, and to work the tactics of a disturber here no more.

He did not know to whom he was indebted for this friendly epistle, but he had heard it thunder before and he did not hesitate. He is gone.

BOTH SIDES STILL CLAIMING IT.

THE RAILWAY TELEGRAPHERS STRIKE SITUATION

Many Copies of The Journal of Labor Being Circulated—Dr. Len G. Broughton a Sympathizer.

There is no perceptible change in the strike situation so far as Greensboro is concerned. A paper sent out from Atlanta, called the Journal of Labor, is creating a light sensation. Yesterday's issue of that paper contained the following telegraphic dispatch from Greensboro:

"Greensboro and vicinity—Personal observation shows the situation is decidedly in our favor. Dolphin has elegant showing in his territory. Boys getting firmer. Will pull ten more men out today. Strike papers creating a sensation; people begging for them. Can use five hundred a day. Keep up the galt."

The same issue of the Journal of Labor, contains the following from Rev. Dr. Len G. Broughton, a native of this State and well known here:

Atlanta, Ga., April 18, 1900

W. V Powell, Esq, President Order of Railroad Telegraphers, Atlanta, Ga.

My Dear Sir—Your favor of last night was received and hurriedly answered. I only furnished you with short sentence sketches of what I said with reference to your troubles. As I expected, no mention was made in the morning and evening paper. This is not due so much to you as it is to myself. Atlanta newspapers are very anxious to suppress anything that I might say on the lines of public interest, as they have already learned (if I may be excused for saying it) something of the effect of such blows. I have, however, the very great satisfaction of knowing from you and your men, as well as from many of the most influential citizens of the city, who were present at our services, and who have spoken to me of the matter, that I stand in harmony with the deepest interest of this great city in this sad but rightful contention. I also have the approval of my own conscience, knowing that I am contending for a principle that is as deep as the Gospel, and as practical and pertinent as the times in which we live.

Hoping and praying that you may triumph in this struggle, I am,

Yours very sincerely,
Len G. Broughton.

A representative of the Telegram called on Mr J. F. Swain, at his room at Clegg's today and he talked freely about the situation. He seems very confident that his side will win He says the strike may last a week, two weeks, a month, or longer. "We are in the fight to stay," he remarked, "and we will fight as long as the railroad wants to fight. The boycott is where we will get them. They are now running empty trains to make a show.

"Fifteen men went out at Danville yesterday afternoon," said Mr. Swain, "one at Raleigh, one at Mebane and one reported out at Haw River, though I cannot verify the last. We have eight or ten men out looking after the nearby towns and will have more. We will fight as long as we have got a dollar."

A message at noon from Vice-President Dolphin, who is at Charlotte, says: "The men are all firm and still after scabs. Everything is in fine shape. We salute the Danville men. Lusk (at Knoxville) reports four men and one scab out this morning. * * * Columbia is firm and determined.

Certain it is that the strikers have considerable force, and there is no telling how long the fight will last. The railroad people seem equally determined not to yield. Railway officials say things are moving along all right and they are handling their business with comparatively little trouble.

RECEPTION LAST NIGHT.

In Honor of Mr. and Mrs. W. Theodore Williams.

The home of Mr. and Mrs. R. W. Williams, in South Greensboro, was the scene of happy merriment last night in honor of Mr. and Mrs W Theodore Williams, who were married in Burlington Wednesday night and who arrived in the city at 6:35 last evening.

The following young people were present: Misses Hattie Turrentine and Dora Teague, of Burlington; Misses Lucy and Bertha Jones, Nannie Smith, Ada Thomas, Ruby Glascock, Hattie Wooters, Sallie Witherspoon, Mary Trotter, Nellie Fowler, and Lavina Truett; and Messrs. Teague and Moore, of Burlington; Messrs. J. P. Gilbert, C. C. Johnson, T. A. Glascock. Mr. Trogdon, Mr. Settle, Mr. Garrett, Messrs. Sidney Peters, R. G. Stockton, W. E. Phipps, C. E. Brower, Will Fields and M. R. Reeves.

About 10:30 the guests were invited to the dinning room, where an elegant repast, consisting of light refreshments, salads, etc., were served.

Mr. and Mrs. Williams will reside in Greensboro and we extend to them a hearty welcome.

THE PRESBYTERY ADJOURNS.

A Fine Showing Was Made All Along The Line—Resolution of Thanks

Yesterday afternoon the Orange Presbytery which has been in session here listened with interest to the reports of the home missions. Rev. C. W. Robinson spoke of his work in Wilkes county. He was followed by Rev. Cornelius Miller who presented the condition of work in Stokes county. This has been one of the most fruitful fields in the Presbytery.

It was stated that the home missions committee was hampered by a debt of $114 on salaries of the workers in the mission fields In a few minutes $145 was raised to pay off this debt.

The established report showed good progress along all lines during the year. Dr. E. C. Murray, of Mebane and ruling elder, T. B. Fuller, of Durham, were elected as commissioners to the general assembly which meets in Atlanta in May.

This morning the Little River church in Orange county was chosen as the place for the next meeting and Tuesday September 4th as the time.

Rev. Lewis M. Kerschner a minister of the German Reformed church presented a letter of dismission from his church and after due examination was received and enrolled as a member of Orange Presbytery.

The following resolution was adopted by a rising vote: "That the Presbytery extend to the pastor and congregation of Westminster church its heart-felt thanks for the delightful and abundant hospitality enjoyed in their homes, upon which in parting from them we most earnestly pray God's richest blessings. Also that this resolution be read by the pastor to his congregation

The Presbytery then adjourned with singing and the Apostolic benediction, having had a most pleasant and harmonious meeting.

SALESMEN of experience wanted to sell territory for article of merit. 'Tis catchy and a money maker. A 1 man can make good contract. Address, "Patentee," Box 10, city.

Bare feet are almost preferable to some shoes. The kind that it is necessary to break in generally make a man break out and say things. We had made purposely for comfort a lot of men's fine kid shoes in lace and congress. The prices are right.

Next to the Consumer

is where we stand in the lumber business. At the kicking post, as it were, in regard to prices.

First comes the owner of the timber. He just woke up to the value of it and wants double last year's prices. Then the sawmill man. He has not been making a fortune and thinks now he should share a little in the general prosperity

They say to us: "We must have so much for our trees and work." After a while it is "up to you." Don't kick. You don't suppose we have nerve enough to put up prices unless they had first been put up on us. No, indeed. But prices are NOT high. They have been to low and are just now getting reasonable. Your children will be glad to build at double the price is now costs you. It is a trite, but true saying, if you want to build, "Now is the time."

And ours is the place to get the stuff.
